

Which information does coachsmart LEV display?

Except that the support levels of the E-bike (e.g. Turbo LEVO series by SPECIALIZED) can be controlled, coachsmart LEV displays the following data

- Current speed
- Travel time
- Distance
- Complete Distance (ODO)
- Clock (in connection with a smartphone)
- Cadence
- Power input
- Heartrate (with a ANT+ heartrate belt)
- Current battery level of the E-bike
- Navigation hints (in connection with Naviki App)
- Error notifications of the E-bike

Unique solution ID: #1208
